Visionary Personality

On Behalf of mention our Star Academy I congratulate you on your right decision, of joining us if imparted for the welfare and development of society, helps the nation in becoming self dependent. We at Star Academy provide value based quality education to help the right environment with strong moral education to our students. They learn to live with discipline and serve for the cause of service before self. High moral values are beneficially rewarded by the almighty. I believe, if given strong foundation, each and every individual has the potential to achieve maximum success and growth in personal as well as professional life.

I extend my best wishes to all members, students and person who related to Star Academy for their success and never ending progress. This academy may become exemplary not only in Haryana but also in the entire country.

With Best wishes

Mr. Bhupender Shastri

Principal's / Director Message

According to Rig Veda Education makes a person "self reliant and selfless" A person becomes self reliant when he grows into an independent being. In the present context it is synonymous to a well paying job. We at Star Academy provide job oriented education. We also keep in mind the second objective of making our students selfless, in other words it is to make them realise the importants of " service before self" Keeping in mind both these prime objectives of education we import value based, job oriented education with atmost care, sincerity and dedication. I assure you that the academy will continue to create a healthy inspiring and safe environment for the students with dedication and sincerity.

Mr. Amit Hooda

With Best wishes

M.D of Defence

Mr. Parwan

Dear Students

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today.

The start of any successful thought is courage, fuelled by man's desire to fly, to achieve the best. Our Star Academy provides you the best material with proper guidance for the successful career ahead. We aim at all round development of students potential and personality - physical, mental and spiritual. Our methods of teaching help the students to develop knowledge, skill and attitude, so that children may meet the challenges of exams as well as life with confidence and success.

I wish all the students participating in competitive exams a very bright future ahead.

With Best wishes Parwan
